

Options for NYLT Courses

The GGAC NYLT Courses are all filled for 2022. You may try to [register](#) for the waitlist for the June 2022 GGAC Course but there are no guarantees that there will be any openings.

All NYLT Courses are run from a syllabus produced by BSA National and all present the identical material across all courses. Therefore, we have posted other NYLT Courses offered in Northern California. Do note that we make no representation on if the course is accepting registrations or if the course restricts attendance only to the hosting council's scouts. We provide this page simply as a resource for you to use to locate an available NYLT Course.
